## City of Rockaway Beach, Oregon

276 S. Highway 101, PO Box 5  
Rockaway Beach, OR 97136  
(503) 374-1752 FAX (503) 355-8221

Honorable Mayor, City Council, Budget Committee and Citizens of Rockaway Beach:

Staff is pleased to present to you the proposed operating budget for Fiscal Year 2021/2022. Oregon budget law (ORS294.403) requires a Budget Message to be prepared by the Budget Officer and delivered at the first meeting of the Budget Committee. As required by law, the budget is balanced and proposes a spending plan for the coming year which is based upon projected resources and the operational needs of the City.

As always, restrictions imposed by revenues and fund balances will govern what expenditures can be made, staffing levels, and projects that can be funded. This year has placed the City, along with many other municipalities, in an unusual position subject to influences beyond our control. The COVID-19 pandemic is still with us, but its expected negative impact on City revenue has yet to materialize. The same cannot be said for some of our local business. While our current budget was developed on expected revenue shortfalls, this proposed budget looks to build back essential services and to continue to develop revenue streams where core services remain underfunded.

### **Key Issues or Trends.**

- The General Fund is revenue limited. The City's property tax rate is \$0.988/\$1,000.00 of assessed value. The combined rate of tax, bonds and districts illustrates that the City is the lowest for all cities in Tillamook County.
- Funding for the Fire department was increased. Additional increases in subsequent years should be expected as the Fire Department's service potential is modernized and expanded to meet the needs of our growing community. It should be noted that additional revenue sources are under investigation, such as an operating bond. Grants have been identified that may bridge the funding gap until a long-term revenue source can be secured.
- Included in this budget is funding for a fourth police officer. This is the minimum level of staffing required should the City wish to continue to maintain and operate its own Police Department. Grant programs have been identified to supplement City revenue.
- As proposed, this budget does not include funding for the Parks and Recreation Program.
- As proposed, this budget does include funding for the new Community Grant program.
- Transient Room Tax revenue continues to trend upwards. Transient Room Tax collections this year, have already exceed total collections from the previous budget year. It is thought that revenues could further increase should the City allow the State of Oregon to Collect this tax on the City's behalf.

**Assumptions** – Preparation of the budget is made with the input and recommendations of the Budget Committee, City Council, and City Staff. These assumptions include:

**Resources** – The City's revenue projections are based upon standardized calculations:

- The City's main revenue streams consist of water/sewer service charges, property taxes and transient room taxes.
- To date, water/sewer service charges appear to be coming in as expected.
- Property taxes appear to be coming in as estimated and on time. Transient room tax is coming in above estimates.

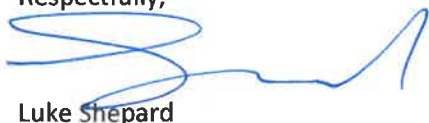

- January 2021 marked the third year of the City's 5-year plan to incrementally increase water base rates by 3%. This resulted in approximately a \$1.00/month increase to users. This will alleviate the need for any large increase to water rates in the near future.
- Once again, the sewer system continues to operate under budget, and a rate increase is not needed in this Fiscal Year. The Committee should always keep in mind that an eventual increase is inevitable since sewer rates have not been increased in 12 years.

**Expenditures** – The City's expenditure projections are based upon standardized calculations:

- Budgets of the Police and Fire Department have been increased as the need for these emergency services continue to grow along with the City's growth in visitors.
- The Public Works Department will maintain current staffing levels. Increases in visitors, especially in the summer months, will necessitate that some seasonal tasks be accomplished through service contracts.
- City Hall has continued to operate at a reduced staffing level with positive results. The limited Public access to City Hall as a result of COVID -19, has led to significant increases in productivity, with very little effect on the overall standard of service provided. It is now apparent that the convenience of in-person service used by a small percentage of our customers was consuming an outsized share of the City's administrative resources. The proposed budget includes funding for fully re-staffing City Hall. However, it should be noted that this may not be necessary should restrictions on in-person service remain in-place or reduced open hours at City Hall become policy.
- Debt Service funds shall be allocated to cover the potential for large settlements, judgments, court costs or legal fees this Fiscal Year.
- Salaries and wages will be adjusted according to the employees' respective collective bargaining agreement. Merit and step increases will be applied as prescribed by the agreement. Non-represented employees are assumed at a rate determined within each contract. The budgeted amount will not exceed the maximum step of the corresponding pay range and will include a 2.5% COLA.
- Allocation of staff hours has been adjusted to reflect actual time worked for specific departments and/or specific changes to work schedules.
- The largest grant funded project in FY 2021-2022 is anticipated to be a \$1,750,000.00 Oregon Department of Transportation funded section of the Salmonberry Trail.
- You will notice an increase in the proposed training allocations. I want to ensure that the City of Rockaway Beach is staffed with highly trained employees capable of providing the highest standard of service to our customers and citizens. A knowledgeable and loyal workforce will ensure this municipality operates efficiently.

As always, this budget is conservative. Revenue estimates are not unrealistically low or overly optimistic, nor are the expenditures unrealistically low. Budget committee members need to keep in mind the budget is a plan and should not be viewed as an accounting report. Committee Members and other readers are to examine and study this document in detail and comment on the level of service it seeks to provide. Thank you for your work on this necessary process.

Respectfully,

Luke Shepard

City Manager/Budget Officer
