City of Rockaway Beach, Oregon

276 S. Highway 101, PO Box 5
Rockaway Beach, OR 97136
(503) 374-1752 www.CORB.us

March 24, 2023

Honorable Mayor, City Council, Budget Committee and Citizens of Rockaway Beach:

Staff is pleased to present to you the proposed operating budget for Fiscal Year 2023/2024. Oregon budget law (ORS294.403) requires a Budget Message to be prepared by the Budget Officer and delivered at the first meeting of the Budget Committee. As required by law, the budget is balanced and proposes a spending plan for the coming year which is based upon projected resources and the operational needs of the city. As always, restrictions imposed by revenues and fund balances will govern what expenditures can be made, staffing levels, and projects that can be funded.

This budget offers our city a comprehensive spending plan that promises significant public improvement projects, expanded service levels, and funding to lay the groundwork for a bright and well-planned future.

Transient Room Tax Revenue: An investment in Rockaway Beach Transient Room Tax revenue (TRT) increased significantly during the COVID-19 Pandemic. The pandemic is now behind us, but TRT revenues remain strong. The city utilizes this highly restricted revenue cautiously and seeks to use these funds as a direct investment back into our community. This budget year, TRT revenue expenditures are largely directed at public improvement projects. These projects are targeted to benefit residents, businesses, and visitors alike. Such projects include Wayside restroom and beach access improvements, the addition of park space, parking, and event space on Anchor St., significant upgrades to the Lake Lytle Park and boat launch, and design of the Salmonberry Trail through Rockaway Beach.

Resources in General:

- The city's main revenue streams consist of water/sewer service charges, property taxes and transient room taxes.
- The city's property tax rate is \$0.988/\$1,000.00 of assessed value. The combined rate of tax, bonds and districts illustrates that the city is the lowest for all cities in Tillamook County
- To date, water/sewer service charges appear to be coming in as expected.
- Property taxes appear to be coming in as estimated and on time. Transient room tax is coming in above estimates.
- January 2023 marked the fifth year of the city's 5-year plan to incrementally increase water base rates by 3%. This resulted in approximately a \$1.00/month increase to users.
- Once again, the sewer system continues to operate under budget, and a rate increase is not needed in this Fiscal Year. The Committee should always keep in mind that an eventual increase is inevitable since sewer rates have not been increased in 14 years.

Drinking Water Infrastructure: A Project for a Growing Community As the city's occupancy rate increases, so does the demand on its drinking water infrastructure. To keep pace, it is vital that the city continue to make investments in its utilities by building in system redundancies, replacing undersized or aging pipelines and by protecting its water supply. The Nedonna Beach Water System Improvements project will upgrade over 8,500 lineal feet of aging steel and asbestos piping. Estimated to cost over \$2.5

million, this will be the largest project of the 2023/2024 fiscal year. Funding shall consist of a combination of loans, forgivable loans, and city water funds, through partnerships with Business Oregon and Oregon Drinking Water Services.

Recruitment: Meeting Service Requirements of a Growing Community Citywide level of service expectations continues to rise each year. This is especially problematic as the city's high occupancy rate historically reserved for summer season, is now seemly a year-round phenomenon. Additional staffing equal to 3.5 F.T.E. will be recruited to fill positions in Administration, Public Works, and the Fire Department. As our community grows, so must the city's capability to meet the growing demand for service.

Other Key Issues or Trends:

- Costs of goods and services continue to rise. As of February 2023, the annual inflation rate in the U.S. was 6.0%.
- Salaries and wages will be adjusted according to the employees' respective collective bargaining agreement. Merit and step increases will be applied as prescribed by the agreement. Non-represented employees are assumed at a rate determined within each contract. The budgeted amount will not exceed the maximum step of the corresponding pay range and will include a COLA between 2.5 and 6.5%.
- Allocation of staff hours has been adjusted to reflect actual time worked for specific departments and/or specific changes to work schedules.

Looking Ahead: Laying the groundwork for the Future It is important that funding be allocated to plan for the city's future. The following list highlights many of the forward-facing projects planned this year.

- Destination Management Plan In October of this year, the city will undertake development of a Destination Management Plan. This plan will create a roadmap for future projects funded by TRT revenue.
- Source Water Protection Plan Looking to the future, the city applied for funding to develop a Source Water Protection plan through The Oregon Department of Environmental Quality. If awarded, this plan will identify actions to better manage the city's surface water source.
- Housing Needs Analysis Completion of the Housing Needs Analysis will likely occur during the 2023/2024 budget year and will serve to identify any deficiencies within the city's current housing inventory.
- Housing Production Strategy This study will identify specific actions, including the adoption of policies, that promote development and address the city's housing needs as determined in the Housing Need Analysis.
- Stormwater Feasibility Study This study will evaluate flooding that exists on Coral St. and the surrounding neighborhood. Cost estimates will be developed for any solutions identified.
- Mobile Equipment Replacement Plans Both the Fire Department and the Public Works Department will develop Mobile Equipment Replacement Plans. These will allow the city to plan ahead for major purchases such as vehicles, heavy equipment, electrical generators, and fire apparatus.
- This Fire Department Equipment Acquisition Plan The Fire Department will add to this a plan for acquisition of emergency response equipment. This Fire Department Equipment Acquisition

Plan will schedule the department's purchase of items such as radios, tires, emergency medical equipment and other life saving devices.

- Streets Capital Improvement Plan The city will undertake the evaluation of various roads under its jurisdiction and rank projects for repair. The resulting Streets Capital Improvement Plan will prioritize transportation projects for the next five budget years.

Conclusion Staff has worked diligently on this a well-balanced spending plan that promises significant public improvement projects, expanded service levels, and planning for the city's future. Preparation of the Budget is truly a team effort and I'd like to thank all those who've helped. I'd like to give special thanks to our city administrative staff and department heads for their work in developing this proposed budget.

As always, this budget is conservative. Revenue estimates are not unrealistically low or overly optimistic, nor are the expenditures unrealistically low. Budget committee members need to keep in mind the budget is a plan and should not be viewed as an accounting report. Committee Members and other readers are to examine and study this document in detail and comment on the level of service it seeks to provide. Thank you for your work on this necessary process. With that, I formally submit the Fiscal Year 2023/2024 budget for your thoughtful consideration.

Respectfully,

Luke Shepard

City Manager/Budget Officer

FUND ACCOUNT NUMBER LISTING

GENERAL FUND

Fund 100 - GENERAL FUND

The General Fund accounts for all financial resources of the City, except those required to be accounted for in another fund. The primary sources of revenue are property taxes, licenses, permits, and fees.

SPECIAL REVENUE FUNDS

Fund 300 - ROADS and STREETS

The Roads and Streets Fund accounts for monies expended for maintenance and improvement of the City's roads, parks and streets. The primary source of revenue is from state highway revenues.

Fund 390 -TRANSPORTATION SDC

The Transportation SDC Fund is used to accumulate funds for future system development costs. The primary sources of revenue are permits and fees.

Fund 800 - TRANSIENT ROOM TAX

The Transient Room Tax Fund accounts for funds received and expended in connection with transient room tax.

DEBT SERVICE FUNDS

Fund 470 - WATER IMPROVEMENTS DEBT SERVICE

The Water Improvements Debt Service Fund accounts for the repayment of the City's long-term debt. The primary sources of revenue are user fees. The primary use of revenue is for the payment of principal and interest due on long-term debt.

Fund 560 - SEWER DEBT SERVICE

The Sewer Improvements Debt Service Fund accounts for the repayment of the City's long-term debt. The primary source of revenue is user fees. The primary use of revenue is for the payment of principal and interest due on long-term debt.

CAPITAL PROJECTS FUNDS

Fund 140 - FIRE EQUIPMENT RESERVE FUND

The Fire Equipment Reserve Fund is used to accumulate funds for future fire equipment purchases. The primary sources of revenue are transfers from other funds.

Fund 150 - DONATIONS RESERVE FUND

The Donations Reserve Fund allows donations to be used for the specific purpose which the donor intended.

Fund 160 – DEBT SERVICE RESERVE FUND

The Debt Service Reserve Fund holds funds which will be used to make loan payments due in future budget years.

Fund 210 - PROJECT AND EQUIPMENT RESERVE FUND

The Project and Equipment Reserve Fund accounts for the funding of tourism facilities. The primary sources of revenue are transfers from transient room tax funds.

Fund 420 - WATER MASTER PLAN

The Water Master Plan Reserve Fund is used to account for major infrastructure projects benefitting the City's culinary water system. The primary sources of revenue are transfers from other funds.

Fund 520 - SEWER MASTER PLAN

The Sewer Master Plan Reserve Fund accounts for major infrastructure projects in the wastewater collection and treatment system. The primary sources of revenue are transfers from other funds.

ENTERPRISE FUNDS

Fund 400 - WATER OPERATING

The Water Operating Fund accounts for the resources and expenses related to the supply, treatment, and distribution of water. The primary source of revenue is user fees.

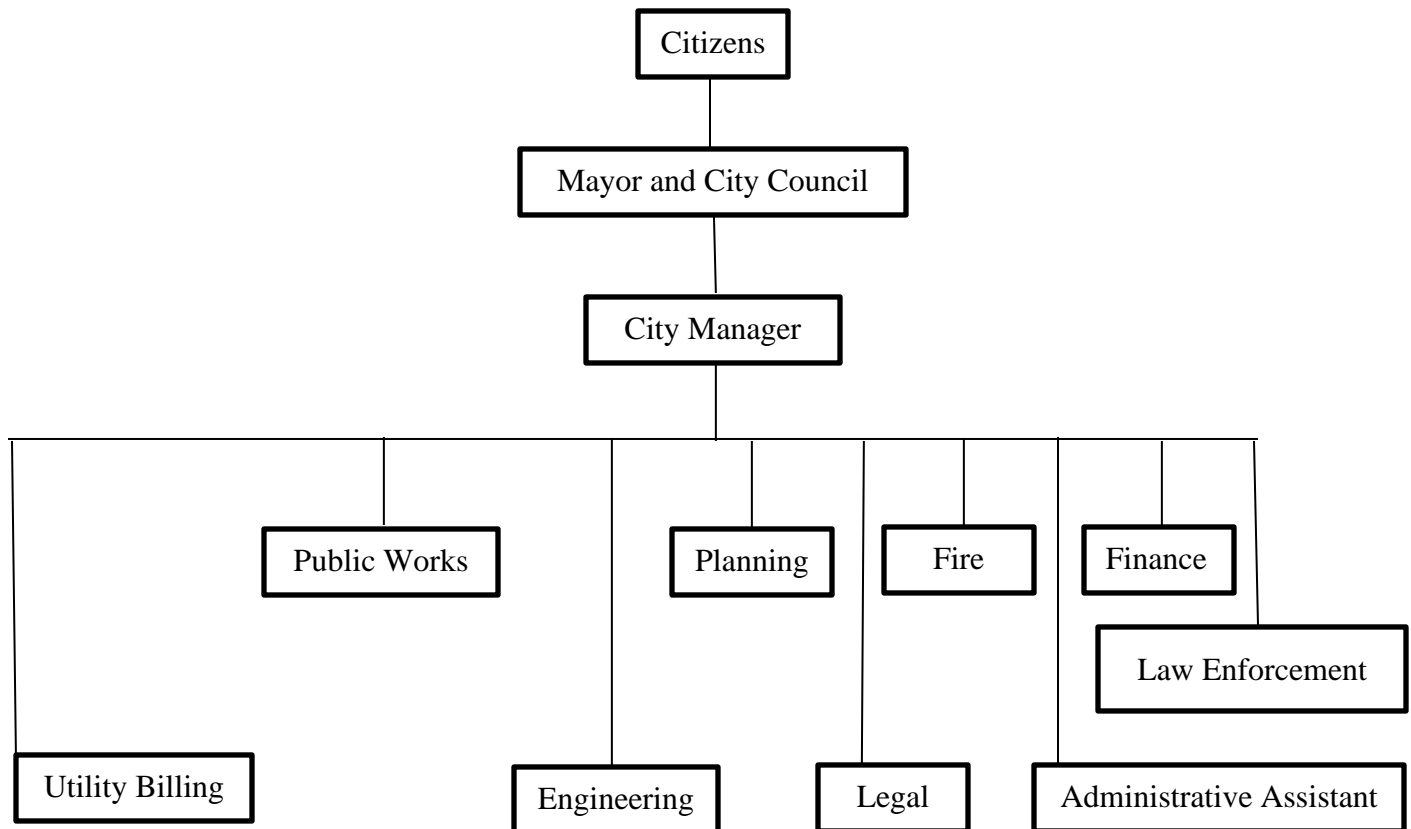

Fund 500 - SEWER OPERATING

The Sewer Operating Fund accounts for the resources and expenses related to the collection and treatment of wastewater. The primary source of revenue is user fees.

Fund 590 - SEWER SDC

The Water SDC Fund is used to accumulate funds for future water system development costs. The primary source of revenue is system development charges.

**FORM
LB-11**

This fund is authorized and established by resolution / ordinance number
14-627 on (date)04/09/2014 for the following specified purpose:

Complete Projects in the Waste Water Master Plan

**RESERVE FUND
RESOURCES AND REQUIREMENTS**

Year this reserve fund will be reviewed to be continued or abolished.

Date can not be more than 10 years after establishment.

Review Year: 2024

**Sewer Master Plan Reserve
Fund 520**
