**Subject:** HB 4123 - Coordinated Homeless Pilot - Update

Good afternoon City Managers,

I am delighted to share with you that today I received back the final Memorandum of Agreement signed and fully executed by the County. The MOA is attached here for your records. Congratulations—we are officially a coordinated System!!!

The most important thing we need from cities right now is to determine who will be the representative appointed to (1) attend monthly meetings and (2) take on a specific role as required under [HB 4123](#). If you haven't already, please send us your appointees so we can include them in the forthcoming final draft of our System Plan.

I am also attaching the County's Draft Plan for your internal review—please note that we expect some of the details to change following review by CARE and the cities, but we think the structure is expected to remain the same. Collaboration is key, and any thoughts or comments you can provide would be greatly appreciated. Please also look LOC's guidance on implementation.

Thank you so very much for your collaboration and thoughtful communication in preparation for this opportunity, and for shepherding it along you respective councils for consideration. Our Coordinated System will most certainly excel in our efforts to address homelessness in Tillamook County with your local leadership and contributions. I would also like to elevate special recognition for County Commissioner Erin Skaar— this would not have come to fruition if it hadn't been for her amazing leadership and hard work!

We are looking forward to moving ahead together. If you have any questions, please don't hesitate to reach out to either myself or Commissioner Skaar.

Thank you!

T.J.
