Message: Because of the ever-expanding population of people looking for a desirable place to live to raise a family and to spend their incomes in the towns they reside in for example Rockaway Beach Oregon. The expansion of new paved roads with sidewalks, for every body's safety in mind, children, people with disabilities, and LGBTQ friendly and wheelchair accessible streets and roads, with new road accessibility improvements in the undeveloped outskirts lands within the city limits of Rockaway beach Or. Expanding in the Northeast side of lake Lytle of future 12th 13th and 14th 15th and 16th avenues and beyond that is of now currently unutilized 3rd growth forests will open up a place for new and existing families who want to make Rockaway Beach Oregon their permanent home residence, and for the improvements of the city and the people who live and serve the city. For the " inclusion in the Streets Capital Improvements Plan project
