A MESSAGE FROM THE CITY MANAGER

I'm excited to share the City of Rockaway Beach's 2025-2029 Strategic Plan with you. This plan outlines our shared vision for the future, our goals, and the steps we'll take to achieve them.

Our strategic plan is the result of months of careful planning and community engagement. Throughout the process, we sought input from residents, visitors, businesses, and community leaders through extensive outreach efforts. Your feedback was invaluable in shaping the future of Rockaway Beach.

I'm confident that this strategic plan will guide our city toward a brighter future. It will help us prioritize our efforts, allocate resources effectively, and ensure that we're meeting the needs of the entire community.

Thank you for your participation in this important process. Together, we can build an even better place for all of us to live, work, and play.

Sincerely,

Luke Shepard
City Manager, City of Rockaway Beach

INTRODUCTION

Together, we're building a bright future for Rockaway Beach.

Rockaway Beach is a charming coastal town with a rich history and an active community. It also faces challenges, like many small beach towns, of balancing tourism with local needs, ensuring safety and infrastructure, and navigating a seasonal economy.

To address these challenges and build a bright future, our community worked together to develop a vision that would guide the city's efforts and create a cohesive, connected Rockaway Beach for all.

PROCESS OVERVIEW

In the spring of 2024, the City of Rockaway Beach set out to develop a five-year vision and strategic plan. We prioritized community and staff engagement, gathering extensive feedback through surveys, workshops, interviews, and other outreach efforts. This inclusive approach ensured that the plan reflects our community's needs and desires. Their input helped us develop our mission, vision, values, and goals, guiding the future of Rockaway Beach.

GOAL FOCUS AREAS

The Rockaway Beach community has identified the following areas of improvement to focus on over the next five years:

STRATEGIC PLAN OVERVIEW

WHAT IS A STRATEGIC PLAN?

A strategic plan is a roadmap, guiding our city's actions and decisions for the next five years. It outlines our mission, vision, and values, as well as our goals and the steps to achieve them.

Why is strategic planning important?

Strategic planning is essential for a city's direction, alignment, resource allocation, measurement, and communication. It gives us a clear path forward, ensures everyone is working towards shared goals, helps us allocate resources effectively, efficiently tracks progress, and keeps the community informed about the city's goals and achievements – guiding the delivery of city services and improving the quality of life for everyone.

Why is the City of Rockaway Beach developing a strategic plan now?

Rockaway Beach is a wonderful place to live, work, and play. Our community has experienced growth and change in recent years, and as we think about our future, we want to make sure we're providing the best quality service for our residents. Now is a great opportunity to pause, reflect, and think about our vision, goals, and how to strategically align the resources to best serve our community.

How will the City use the strategic plan?

Our strategic plan will inform our city's decisions, keep us accountable, and guide us to allocate resources effectively. We'll use it to prioritize projects, track our progress, and keep the community informed.

What is a Transportation System Plan?

A Transportation System Plan (TSP) is a long-term plan that describes a community's transportation system and the projects, programs, and policies needed to meet its transportation needs.

Purpose

A TSP helps communities implement a vision for their transportation system by assessing how people move through the area and identifying key goals for improvement.

Developing a TSP

TSPs are developed in coordination with city, county, regional, and state agency partners, transit providers, organizations that support walking and bicycling, and community members. TSPs should be updated periodically to reflect growth and change.

- 5.2 Align staffing with community needs
- 5.3 Update City Charter

What is a Comprehensive Plan?

A comprehensive plan is a city's official land-use planning document that guides how to develop the City.

What it includes

A comprehensive plan includes maps, policies, and implementation measures that guide land use, transportation, infrastructure, and other investments within and urban growth boundary (UGB). The UGB is the area into which the city is expected grow.

How it's created

Comprehensive plans are coordinated with other regional plans and Oregon law. Comprehensive plans are periodically reviewed and revised to account for changes in local, regional, and state conditions.

How it's used

Comprehensive plans are the guiding documents for local government land use decisions. They help create predictable outcomes for the community. They are implemented through local comprehensive planning, zoning, and land-division ordinances.

STRATEGIC PLAN PROCESS

PROJECT GOALS

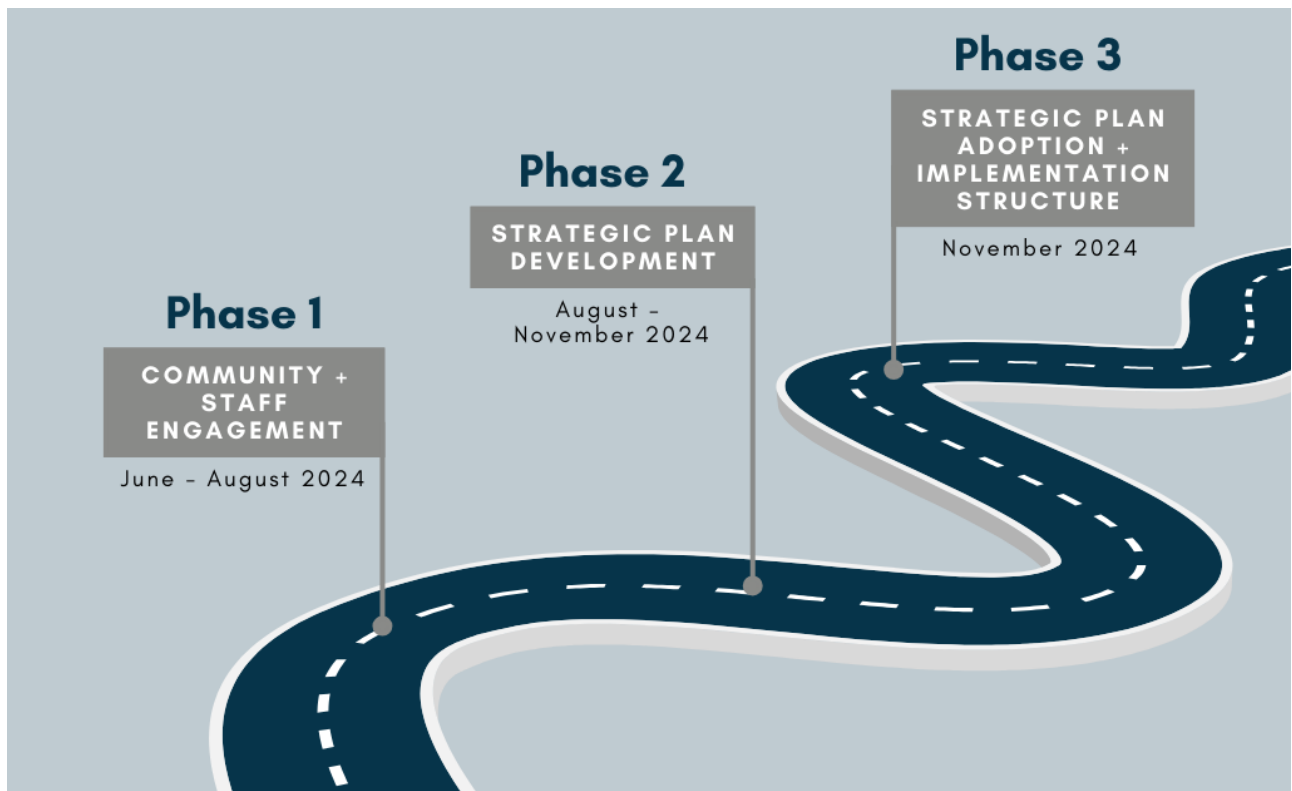

We set out to achieve the following goals through this process:

- Develop a five-year vision and strategic plan for the community
- Identify the values that will guide the organization in achieving the vision and supporting the mission
- Build a cohesive team amongst the organization and Council that is aligned around shared five-year goals
- Conduct inclusive community engagement to inform the development of the plan and build support for implementation
- Build a more connected community

PROJECT TIMELINE

Our strategic planning process was organized into three phases:

1. Community + Staff Engagement: June–August 2024
2. Strategic Plan Development: August–November 2024
3. Strategic Plan Adoption and Implementation Structure: November 2024

PHASE 1: COMMUNITY AND STAFF ENGAGEMENT

Community and organizational engagement are the foundation of the strategic planning process. The strategic plan engagement focused on facilitating inclusive opportunities to ensure the updated vision and values reflected the needs and priorities of the community and City leadership.

Council Workshop

In June 2024, the Rockaway Beach City Council gathered for a strategic planning workshop. During the workshop, participants engaged in various exercises to build a shared understanding of the current organization and community, identify elements of a five-year vision for Rockaway Beach, and discuss ways to engage the community in the planning process.

Communication and Engagement Strategy

To inform the development of the strategic plan, the project team conducted various forms of engagement, including:

- Online community-wide survey
- Paper survey distributed across the community
- Staff survey
- Outreach interviews with community leaders
- Presentations to community groups
- Social media
- Open house
- Economic development focus group

Communication + Engagement Goals

The following goals and values guided the team's engagement efforts:

- Identify the values that will guide the organization in achieving the vision and supporting the mission
- Conduct inclusive community engagement to inform the development of the plan and build support for implementation
- Be inclusive of the current projects underway

*The community survey received 432 responses from community members, accounting for 30% of the total population, as well as 204 responses from visitors.

**The community leader interviews included representation from the Planning Commission, Nedonna Neighborhood Association, Neah-Kah-Nie School District, North County Recreation District, Vacasa vacation rentals, Chamber of Commerce, Rockaway Beach Business Association, and local camps and retreat centers.

PHASE 2: STRATEGIC PLAN DEVELOPMENT

Engagement Summary

In Phase 2, the project team analyzed community and staff feedback to identify common ideas and trends. We used that outreach data, and the vision ideas from the June strategic planning workshop, to create eight themes representing the organization and community's priorities:

1. Economy
2. Housing
3. Transportation and Mobility
4. Infrastructure
5. Community Safety
6. Recreation and Tourism
7. Community Connection and Engagement
8. Favorite Community Characteristics

These community engagement themes supported the development of the proposed mission, vision, values, and goals to guide Rockaway Beach over the next five years.

Drafting the Plan

The project team worked with City staff to develop goal focus areas based on the community engagement themes. We defined success for each goal and created supporting actions to achieve each outcome. We also used community input to draft the mission, vision, and values.

Regular Check-Ins with Council

Throughout the process, we kept the Council informed on our progress and engagement efforts, and sought their feedback on the mission, vision, values, and goals.

PHASE 3: ADOPTION AND IMPLEMENTATION STRUCTURE

NEXT STEPS FOR OUR STRATEGIC PLAN

Once the Rockaway Beach City Council adopts the strategic plan, they will prioritize actions for implementation based on available resources and capacity. City staff will assign leads for each action who will be responsible for:

- Overseeing implementation
- Developing a project charter (including team, stakeholders, timeline, key performance indicators)
- Identifying necessary resources
- Engaging and updating the Council, Boards/Commissions, organization, and the community
- Reporting progress, challenges, and opportunities
- Recommending updates as needed

The City will integrate these prioritized actions into the budget development process to identify and allocate any needed resources.

At the end of 2025, City staff will provide an annual progress report on the strategic plan. This report will document our progress, identify challenges and opportunities, and recommend updates to the actions as needed. It will also serve as a way to keep the Council and community informed and accountable.

Fostering a Culture of Strategic Management

The intention of a strategic plan is to foster a culture of strategic management and guide the organization in developing a more efficient, effective, and transparent system of providing public services. Regular engagement from the community, City Council, and the organization are essential to fostering a system that is responsive and accountable. It is recommended the strategic plan be updated annually to ensure the goals and actions remain relevant in meeting current community and organization needs. Additionally, annual updates maintain alignment among the strategic plan, budget, and department work plans.

The strategic plan should undergo a complete update every five years to conduct more comprehensive engagement, review the mission, vision, and values, and examine the broader community context. These major updates will ensure the five-year vision continues to serve as a North Star in guiding the community and organization. These community engagement efforts also help to foster strong relationships with the community and partner organizations to build support for implementing the goals.
